Dear Sir,

Re: Indexation of RBF Defined Benefits Pensions

On behalf of the executive of "TASS" I gratefully acknowledge your action in moving a 'Notice of Motion' in the House of Assembly on Thursday 18<sup>th</sup> November 2010 to support the indexation of RBF Defined Benefit Pensions in accordance with the formula contained in your letter to us of 25<sup>th</sup> September 2009.

We understand your motion in this regard to be a precursor to the introduction of a formal bill at a later time. And we live in hope that a majority of members of both houses of parliament will also support the bill.

Naturally we are available to supply supporting evidence to you as required and welcome the opportunity to meet and brief your nominee(s).

Our members are full of praise for your party's staunch support by standing up for a minority group on a matter of principle and our executive is as one on this important and sustainable issue.

"TASS" is very much aware of the enormity of the task ahead given past experience, and as a pragmatic and responsible group we are prepared to discuss ways we can be more flexible in our approach.

Through our regular publication "Super-News" the Green's support for our cause will be freely publicised and it follows that this letter to you is in no way restricted.

Yours faithfully

A. Robinson  
President TASS
